**Setup Instructions.** Targets are 6 ft from shoulder to shoulder. Height of top of head is 6ft (T1), 4 ft(T2), and 5ft(T3).

**Tactical Sequence:** A method of target engagement. For Tactical Sequence, all targets are engaged with one round each before being engaged again. In the case of three (3) targets requiring two (2) rounds each, all targets would be engaged with one round to each target BEFORE reengaging the targets with another round in any order (1-1-2-1-1).

## March 10, 2007 Match

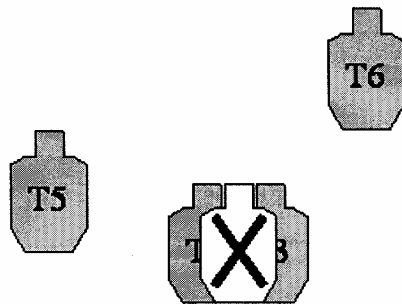

### Stage3: Commotion in the Cabin

[Previous](#) | [Home](#) | [Next](#)

**Vickers -- 12 rounds minimum. You are an armed LEO aboard a commercial flight when you hear a commotion behind you. The hijackers have knives and a shouting about a bomb. Begin seated (right handed shooters in right chair; left handed shooters in left chair). At the signal stand, turn, draw and engage T1-T6 with 1 round each in tactical order (near to far); then reengage T1-T6 with at least 1 additional round in any order. You must shoot from between the chairs. Take care not to hit the non-threat targets. Do not advance on the targets.**
