

**2004 IDPA MA State Championships**  
**Stage 7 - Drive By**

Concealment REQUIRED

17 Round minimum

Designer: Scott Botelho (email: scottb123@comcast.net)

**Scenario:**

You are getting your newspaper from the mailbox when you hear shooting coming from an advancing car. As you retreat to the cover of your car you tell your neighbor to take cover. You neutralize the targets outside then head inside to check your family. You find some of them made it indoors.

**Procedure:**

Start loaded and holstered facing up range at the mailbox. On signal retrieve the paper with shooting hand and move to cover behind the car (position 'B'). On the way to cover knock down the popper to simulate pushing neighbor to cover (also activates swinger). Once reaching cover you must put the paper in the box at the car (this is a safety requirement to ensure no one draws until they reach cover and are facing downrange. Engage in tactical priority threat targets T1-T3 from position 'B', then move to position 'C' for targets T4-T6 and finally enter doorway and engage targets P7-T9.

Penalties: Paper must be carried in strong hand. Friendly popper must be knocked down. Paper must be deposited in box.

**Scoring:** Vickers count

**Scored Hits:** Best 2 hits on paper  
 Steel - knock down

**Targets:** IDPA standard targets

**Penalties:** IDPA standard

**Starting Position:** See Procedure

**Start Signal:** Standard buzzer

**Stop Signal:** Last shot fired
